Description of Work: Break open the stucco to expose the damage. The area to be opened will be approximately 8' x 8'. Remove the damaged wood members. We will then rebuild a new cantilevered balcony deck using pressure treated materials. New 2" x 6" redwood decking boards will be installed at the balcony deck surface. We will construct a new handrail system using redwood materials at the 4" x 4" posts and 2" x 2" spindles. The new spindles will be spaced 3 7/8" apart. The handrail system will also include a new 2" x 6" top cap. A new staircase will be installed and will be rebuilt similar to the one that was removed. The adjacent wall will be rebuilt with 2" x 4" studs, 2" x 4" mudsill, 2" x 4" top plate, and 2" x 10" blocking. Upon completion of all wood repairs, we will apply new stucco to the wall to match the existing stucco as close as practical. The new stucco will be primer painted only. No finish painting is included in our bid. If any further damage is found during the course of our repairs, a supplemental report will be issued with our additional findings and cost.
