

The Town of Los Gatos Arts Commission is excited to announce that Music in the Park is joining the Los Gatos: Growing Greener Together Campaign! The concert series is becoming more environmentally sustainable and would like to invite event guests to help. Please consider the following:

- **Travel Wisely**

Walk, bike, use public transit or carpool to the concerts

- **Conserve Water by Protecting the Landscape**

In an effort to reduce water usage and comply with local water restrictions, **no blankets** will be allowed on the Civic Center lawn. Blankets trap heat causing damage to the lawn which requires excessive watering to reverse.

- **Eliminate Waste**

Help make Music in the Park a “zero-waste” event by bringing your food, drinks and other items in reusable or recyclable containers.

- **Grow Greener with Us**

Sign up to be a part of our Growing Greener Campaign and receive monthly email updates including green tips and practices that can be incorporated into your everyday life. Learn more at
