Flexible Spending Accounts

Is your paycheck saving you money?

Experience a way to save money and pay for eligible medical or dependent day care expenses with a Flexible Spending Account (FSA). FSAs allow you to deduct pre-tax dollars from your paycheck and use them toward expenses such as co-pays, medical deductibles, and dependent day care costs. By participating in a FSA, you have the opportunity to reduce your tax and increase your spendable income.

Features include:

- Mobile app and online submission of flex claims;
- Secure online access to FSA account balance, deposits, and payment information
- Daily processing of claims; and
- Health FSA Card

For more information about this important benefit, contact your local American Fidelity account manager.
