

Town of Los Gatos

Multifunctional Printer Replacement, Management, and Maintenance

During and after the Site Inspection the Town received the following questions regarding the Request for Proposals (RFP) for Multifunctional Printer (MFP) Replacement, Management and Maintenance Services. The questions and answers are below:

Question 1:

Please provide additional specifications on actual machine configurations.

Answer: Please see Attachment 1.

Question 2:

Please provide additional model and usage information on potential equipment.

Answer: Available information is summarized in Attachment 2.

Question 3:

What is the protocol and timing for questions on the RFP terms and conditions? How quickly would we have answers from the Town of Los Gatos?

*Answer: Questions not addressed in previous posting and during the Site Inspection should be sent via email before **August 10, 2018**. The Town will respond to the questions within 2 business days, as well as post all questions and answers to the Town website.*

Question 4:

Is every printer and MFP under a single lease with a single lease payment? Or, do you have separate invoices or machines/locations broken out by asset and department?

Answer: Under the existing contract, the Town receives a monthly invoice listing all equipment and a single lease amount.

Question 5:

Does the Town have a single cost per page across all devices – both desktop printers and copier/MFP systems?

Answer: The lease payment includes covered print and copy quantities per month. Overages are billed quarterly for MFP black and white, black and white, MFP color, and color rates. The Town is open to different billing structures.

Question 6:

What company supports your current LaserFiche software? What departments chiefly use LaserFiche at the Town? And for what sort of applications.

Answer: ECS Imaging supports the Town's Laserfiche system which is used in all Departments. The Laserfiche software management support is not part of the current RFP.
