

TOWN OF LOS GATOS

CIVIC CENTER
110 E. MAIN STREET
LOS GATOS, CA 95030

May 6, 2020

Honorable Mayor and Town Council:

I am pleased to submit to you the Proposed Fiscal Year (FY) 2020/21 – 2024/25 Five-Year Capital Improvement Program (CIP) for the Town of Los Gatos. The CIP is a comprehensive five-year capital improvement plan designed to identify projects to develop and maintain the Town's infrastructure, consistent with the Town Council Core Goals of high quality infrastructure, community character, public safety, fiscal stability, good governance, and civic enrichment.

This CIP budget message contains:

- Town's Core Goals and Strategic Priorities
- CIP Financial Summary - Funding Sources
- Proposed FY 2020/21 – 2024/25 CIP Overview
- Proposed FY 2020/21 CIP Overview
- FY 2019/20 Completed or Withdrawn Projects
- Budget Process Overview

Guidance for determining capital improvement projects is also derived from key plans, including the General Plan, Bicycle and Pedestrian Master Plan, and the Council's Strategic Priorities. Specifically, in January 2020, the Town Council established the 2020-22 Strategic Priorities (see page A-2). The Core Goals and Strategic Priorities guide the preparation of both the Capital and Operating Budgets. In terms of capital projects, the Town Council stated its priorities to begin to implement the Comprehensive Parking Study, continue mobility improvements for all transportation modes, manage the vegetation on Town lands to protect against wildfire, and advance other needed improvements. All of these efforts support improving and enhancing traffic/transportation, public safety, and quality of life within the context of prudent fiscal management.

In addition to the aforementioned guidance, on December 9, 2019, the Town's Sales Tax Oversight Committee convened its first meeting. Per the Measure G Sales Tax Ordinance, the Committee's role is to review the revenues and potential expenditures and advise the Town Council on whether such expenditures meet the Town Council's objectives as stated in the Ordinance. After reviewing example expenditures from the FY 2019/20 CIP, the Committee's recommendation to Council was to expend Measure G funds on capital projects associated with road repair and maintenance.

All proposed capital projects are described in this document. The reserves and operating expenditures are discussed in more detail in the Proposed FY 2020/21 Operating Budget.

STRATEGIC PRIORITIES FY 2020-2022

CORE GOALS: COMMUNITY CHARACTER • GOOD GOVERNANCE • FISCAL STABILITY • QUALITY PUBLIC INFRASTRUCTURE • CIVIC ENRICHMENT • PUBLIC SAFETY

---	---

SMALL TOWN SERVICE, COMMUNITY STEWARDSHIP, FUTURE FOCUS

CIP FINANCIAL SUMMARY – FUNDING SOURCES

As in the past, the Town continues to be challenged in its attempts to secure a reliable ongoing source of revenue for the Capital Improvements Program. The proposed five-year CIP reflects \$6.0 million in ongoing Gas Tax dedicated sources to help fund the proposed \$38 million of planned capital improvements. The balance of CIP funding of \$32 million is funded by one-time appropriations from the General Fund Appropriated Reserve (GFAR), Utility Undergrounding Funds, Traffic Mitigation Funds, Grant Funds, and Storm Drain Funds as follows:

Funding Sources for the FY 2020/21 - 2024/25 CIP		
Ongoing	Gas Tax	\$ 6,050,270
One-Time	GFAR	16,067,108
	Utility Underground Funds	4,436,000
	Traffic Mitigation Funds	415,027
	Grant Funds	11,114,483
	Storm Drain Funds	240,000
Total Funding Available		\$ 38,322,888

GAS TAX

State Gasoline Tax revenue is distributed to the Town from the State of California and recorded in the Gas Tax Fund. This tax is also known as the “Highway Users Tax” or the “Motor Vehicle Fuel License Tax.” The gasoline tax is an 18-cent per gallon tax on fuel used to propel a motor vehicle or aircraft. Gas Tax revenue is allocated to the Town based on a per gallon of gas purchased within the Town limits and based on population. The estimated Gas Tax revenue totals approximately \$1.2 million for FY 2019/20 due to the Road Recovery and Repair Act of 2017 (SB1). These funds can only be used for new construction and reconstruction of Town streets.

LOCAL 2010 AND 2016 MEASURE B

As part of a voter-approved measure from 2010, the Santa Clara Valley Transportation Agency (VTA) assesses a \$10 per vehicle registration surcharge to repair and rehabilitate streets. This funding source is expected to generate approximately \$180,000 annually for Los Gatos, which will be used for street rehabilitation Town-wide.

In 2016, Santa Clara County voters approved Measure B, a transportation focused sales tax measure. After several years of legal challenges, the funding from Measure B has begun to flow. The most important element of this measure is ongoing road maintenance funding to the Town of \$580,663. Additional funds may be distributed to local projects on a competitive basis.

GFAR

The primary source of funding for the Town’s capital program is the Town’s General Fund Appropriated Reserve (GFAR). By Council direction, this fund receives transfers from the General Fund’s designated Reserve for Future and Special Projects, which receives most of the Town’s annual revenues above operating expenditures after funding all legally restricted reserves at their required levels, including receipt of one-time funds from grants, property sales, and other reserves. Because of the availability of

Introduction Section

General Fund “one-time” funding sources in recent years, the Council approved a General Fund transfer to the GFAR fund in the amount of \$2.7 million for FY 2013/14, an additional “one-time” source allocation of \$6.6 million for FY 2014/15, and additional funding of \$6.9 million for the Almond Grove Street Rehabilitation project in FY 2016/17, \$2.8 million funding in FY 2017/18, \$2.4 million transfer in FY 2018/19, and \$5.8 million transfer in FY 2019/20. For FY 2020/21, the transfer to GFAR is proposed to be \$3.4 million.

After these allocations, the Reserve for Future Capital and Special Projects forecasted June 30, 2020 balance is \$3.3 million. Sufficient balances are anticipated for the following four years of the Plan to allocate approximately \$550,000 from the General Fund Reserve for Capital and Special Projects for FY 2021/22 through FY 2024/25.

The other revenue source for GFAR is the Construction Impact Fee and a Refuse Vehicle Road Impact Fee. This Construction impact fee is assessed on construction projects based on the square foot size of the project at a rate of \$1.14 per square foot. These fees are intended to recover the damage caused to Town streets by construction traffic. Construction Impact fees generate at least \$110,000 annually. Refuse Vehicle Road impact Fee estimated to generate \$610,000 for FY 2020/21.

The funding from GFAR greatly enhances the Town’s ability to implement the CIP; however, it is not enough to support future annual infrastructure maintenance or construct new facilities. Establishing a reliable, dedicated source of funding for basic capital improvements beyond the use of accumulated reserves remains a long-term need and important goal for the Town.

UTILITY UNDERGROUND FUNDS

The Utility Undergrounding Fund serves as a funding source for activities generally undertaken in conjunction with street improvement projects. The Town receives approximately \$30,000 annually in Utility Undergrounding funding which is derived from a Town construction tax of 18 cents charged for each square foot of building addition or alteration within the Town. Total cash balances currently on hand from the utility undergrounding construction tax are approximately \$3.1 million at FY 2019/20 year-end. In addition, the Town may have access to over \$3.8 million in Rule 20A funds allocated from a percentage of electric bills. PG&E retains and tracks these monies. The Town has identified a project to underground utilities along Los Gatos Boulevard south of Lark Avenue. These projects rely on PG&E for scheduling and have long lead times. Staff expects a six year project design timeline, and is expecting project construction in FY 2020/21.

TRAFFIC MITIGATION FUNDS

The traffic impact mitigation fee assures that each new development or expansion of use pays its fair share of the transportation improvements needed to accommodate the cumulative traffic impacts. The fee is paid in full prior to issuance of the building permit for new development or expansion of use. This fee continues to play an important role in the Town’s ability to fund roadway improvements. Traffic Mitigation Funds must be used solely for construction of identified traffic and transportation improvement projects.

GRANT FUNDS

The Town receives grant funds from various sources that help address some of the maintenance and improvement costs associated with Town infrastructure. Grants include federally funded Surface Transportation Program (STP) funds which pay for general roadway capital improvements, and a combination of Federal Innovative Deployment to Enhance Arterials (IDEA) grant funds and State

Introduction Section

Vehicle Registration Fee (VRF) grant funds are contributing to the Traffic Signal Modernization project. In addition, the Town utilizes Community Development Block Grant funds for specific qualifying projects, usually focused on accessibility. Total grant funding for FY 2020/21 is estimated at \$1,479,200.

STORM DRAIN FUNDS

The Town also receives funding from its Storm Drain Fund, which relies on an established charge of \$0.75 per square foot of impervious surface created by new development. Depending on development activity, this fee produces approximately \$100,000 in revenue annually. This fee has not been adjusted for several years and should be evaluated in the future as part of the NPDES storm water permit process and as part of a continuous review of development related fees.

The remaining sources are primarily one-time funds from State or Federal government or from special revenue funds that have often fluctuated in tandem with the economy and the state budget. Examples of one-time funds include Valley Transportation Authority/Transportation Fund for Clean Air (VTA/TFCA) funds and State Proposition 42 Gas Tax funds.

PROPOSED FY 2020/21 – 2024/25 CIP OVERVIEW

The Capital Improvement Program is broadly grouped into the following categories:

- Streets Program, which maintains and ensures functional streets, pedestrian, and bike systems.
- Parks Program, which repairs or improves parks, park buildings, trails, and urban forestry.
- Public Facilities Program, which constructs and repairs public buildings, and purchases equipment.

The proposed CIP projects include both new and carry-forward projects from the prior year as part of the multi-year programming of \$33.5 million. Approximately \$28.7 million (85.8%) is allocated to the streets, retaining walls, sidewalks, and curbs category; \$1.6 million (4.7%) is allocated to parks and trails projects; and \$3.2 million (9.5%) is allocated to public facility projects. Allocations are summarized below by type of major improvements within the program categories.

FY 2020/21 - 2024/25 CIP by Program									
Five Year CIP Summary	Carry-forward from		Carry-forward and New FY				Total By Category		Total By Program
	2019/20	2020/21	2020/21	2021/22	2022/23	2023/24			
Streets									
Reconstruct/Resurfacing	\$ 3,305,576	\$ 2,211,715	\$ 5,517,291	\$ 2,836,393	\$ 2,962,517	\$ 2,962,517	\$ 2,962,517	\$ 17,241,235	
Maintenance & Safety	3,413,980	2,435,000	5,848,980	435,000	435,000	435,000	435,000	7,588,980	
Street Improvements	8,870,133	8,195,786	17,065,919	1,546,250	1,162,390	-	65,000	19,839,559	
Bridges	235,087	50,000	285,087	5,430,303	-	-	-	5,715,390	\$ 50,385,165
Parks									
Park Improvements	850,247	25,000	875,247	-	25,000	-	25,000	\$ 925,247	
Trail Improvements	683,812	-	683,812	3,262,500	-	-	-	3,946,312	\$ 4,871,560
Public Facilities									
Infrastructure Projects	1,975,285	285,000	2,260,285	35,000	35,000	35,000	35,000	\$ 2,400,285	
Equipment Projects	921,291	-	921,291	-	-	-	-	921,291	\$ 3,321,576
TOTALS	\$ 20,255,412	\$ 13,202,501	\$ 33,457,913	\$ 13,545,446	\$ 4,619,907	\$ 3,432,517	\$ 3,522,517		\$ 58,578,300

Total funding for street reconstruction and resurfacing for the next five years is planned at \$17.2 million with approximately \$5.5 million allocated in FY 2020/21 including carryovers. Over the five-year period, the CIP proposes \$33.1 million for various other street-related infrastructure improvements including street maintenance and resurfacing; curb, gutter and sidewalk maintenance; street intersection improvements; retaining wall reconstruction; crosswalk ramps and safety devices; and storm drain improvements.

Total funding for parks and trail improvements for the next five years is planned at \$4.8 million with approximately \$1.5 million allocated in FY 2020/21 including carryovers.

Total funding for public facilities infrastructure improvements and equipment projects for the next five years is planned at \$3.2 million with approximately \$3.8 million allocated in FY 2020/21 including carryovers.

Although the Proposed FY 2020/21-2024/25 CIP is a five-year plan, only the first year of the plan is formally adopted with funds appropriated by the Town Council as part of the budget process. Future year projects are funded with designated cash reserves on hand, supplemented by estimated annual revenues for capital funding purposes such as Gas Tax funds and state transportation funds. The scope and funding estimates may change based on the Town’s fiscal situation and evolving priorities.

PROPOSED FY 2020/21 OVERVIEW

\$33.4 million is being proposed in the first year of the CIP and is comprised of approximately \$20.2 million in carryover funds from FY 2019/20 and approximately \$13.2 million in new funding.

The first year of the five year plan (FY 2020/21) continues funding for the Town Council Strategic Priorities, including basic infrastructure needs. Street maintenance remains high Council priority as the Town is making progress to improve its Pavement Condition Index (PCI), a standard rating of street conditions. The PCI reached a recent high rating of 74 in 2008 due to concentrated investments and is now at the level of 70 (2019 survey data). With the new County and State Transportation Funds, the investment in street maintenance of \$2,962,517 per year will allow the Town’s PCI to increase to 72 within the next five years. This investment continues to leave a deferred maintenance backlog in excess of \$10M.

The complete list of the proposed FY 2020/21 carry-forward and proposed projects (categorized by funds and programs) can be found on page A-7. Projects are listed in the Financial Summary section and further described in the project detail pages by category. Below is a summary by category. The total FY 2020/21 CIP is \$33.5 million.

Carry-forward & New FY 2020/21 CIP Projects					
	GFAR	Grant and Awards	Gas Tax	Other *	Total Estimated
Street Projects	\$ 14,349,805	\$ 4,228,718	\$ 1,210,054	\$ 8,928,701	\$ 28,717,278

Energy Efficiency Upgrade - Town-wide	<i>Completed</i>	1,699,247	-	-	-	1,699,247	
TOTAL OF COMPLETED PROJECTS		\$ 14,683,803	\$ -	\$ 211,772	\$ -	\$ 14,895,575	

* Other Funds include Storm Drain Fund, Gas Tax Funds, Utility Underground Funds

CONCLUSION

The challenge of finding a reliable ongoing revenue stream available for capital projects continues to be a Town priority. Recognizing the realities of funding challenges and uncertain local economic trends, the Town’s FY 2020/21 – 2024/25 Capital Improvement Plan continues a strategy of funding the Town’s most urgent capital needs.

I wish to thank all of the Departments, in particular Department Directors and members of their management and support staff, for their many hours of work and tireless efforts to present this Capital Improvement Program to the Town Council, as well as the following staff members:

- Stephen Conway, Finance Director
- Gitta Ungvari, Finance and Budget Manager
- Matt Morley, Parks and Public Works Director
- Lisa Petersen, Assistant Parks and Public Works Director/Town Engineer
- Mark Gaeta, Accountant
- Maurice de Castro, Accountant
- Bobby Gonzalez, Senior Administrative Analyst
- Melissa Ynegas, Administrative Analyst
- Dorrie Romeo, Administrative Technician
- Kinjal Buch, Senior Engineering Technician

Respectfully submitted,

Laurel Prevetti
Town Manager
