

Growing Greener

Fall 2020

Events

California Coastal Cleanup Month

Pollution prevention starts at our front doors. Help protect your happy place! Pick any Saturday in September from 9:00 a.m. to 12:00 p.m. and put those grocery bags and gardening gloves to use! By cleaning up your street, neighborhood, or parks close to home, you will help prevent litter from polluting the environment and flowing into the ocean. #protectyourhappyplace #CCD2020

Going GREEN for HALLOWEEN

Visit thrift stores for ghoulish hand-me-downs or shop your closet to create or reuse a costume. Remember to practice social distancing for any spooky festivities!

Don't dump those pumpkin seeds! Instead make a delish snack by salting and roasting them.

Shop locally at the Farmers' Market for spooky holiday dishes.

Don't litter and pick up candy wrapper trash to prevent polluting our creeks.

GREEN living for Thanksgiving

Eat local and in season by shopping at the weekly Farmers' Market.

Ditch the plastic decorations, and use nature to decorate this season.

Donate or compost any unwanted food scraps and recycle all food packaging and containers.

Reduce your carbon footprint by staying local this year.

Create a new tradition and adopt a turkey through www.farmsanctuary.org.
