STOP DATA
PERCEIVED RACE/ETHNICITY
January 2022 - July 2022

STOP DATA
PERCEIVED GENDER
January 2022 - July 2022

Flock Safety ALPR System

A two-year pilot program for the allocation and implementation of stationary automated license plate readers (ALPR) throughout Town, as a crime suppression and investigative tool. ALPR cameras were strategically placed at fifteen locations alerting officers in the field to stolen vehicles and vehicles wanted in connection with a crime.

1.5 million unique monthly license plate images

- Image data is permanently deleted after 30 days unless stored as evidence for specific crimes

2022 LGMSPD Flock system helped solve and prevent crimes over 50 times

- Images of vehicles reported as stolen, wanted as evidence in major crimes or associated to missing persons alert LGMSPD within seconds

Several neighborhoods have purchased 7 Flock Systems and share their data with LGMSPD

- Flock data was utilized to solve several hit-and-run collisions

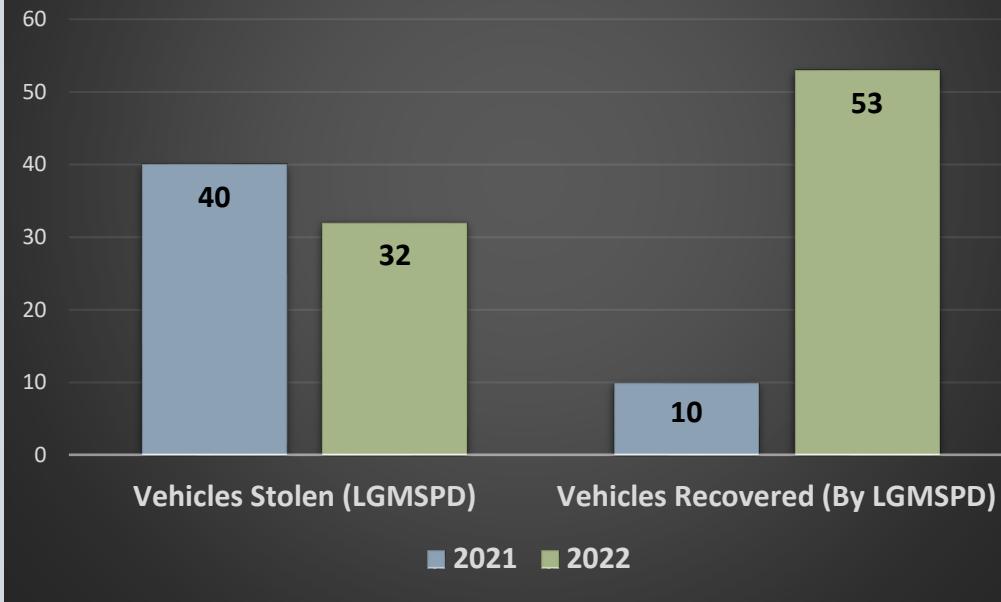

16 agencies share their data with LGMSPD

- The Flock system was used to develop critical information in two cases of missing elders suffering from dementia

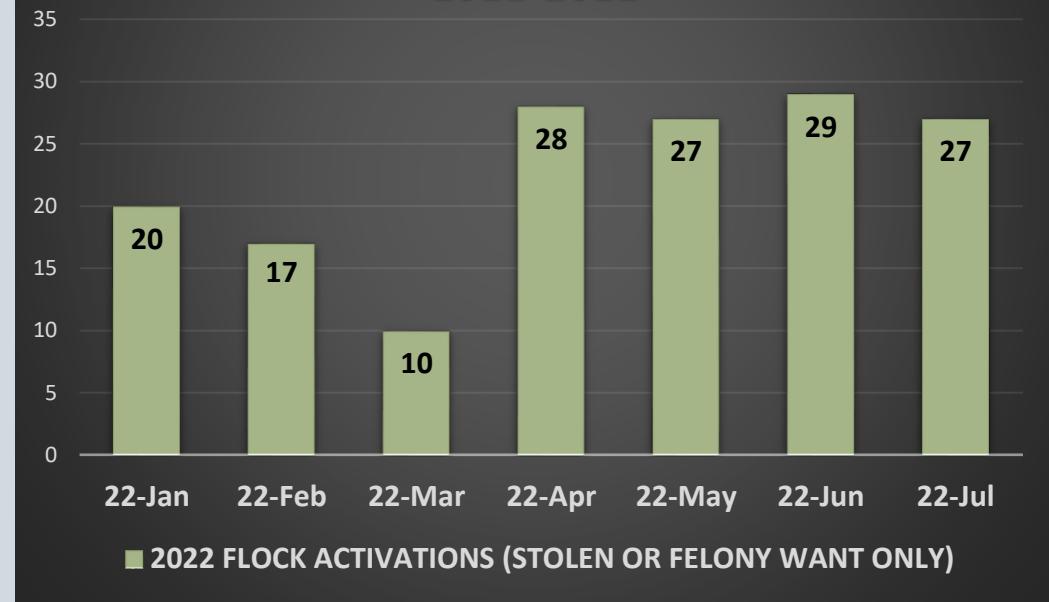

Flock Metrics

**STOLEN & RECOVERED
VEHICLES**
January - July
2021-2022

**FLOCK RELATED CAD INITIATED
INCIDENTS**
January - July
2021-2022
