NEIGHBOR OUTREACH SUMMARY

Project: Tokman Residence

Location: 116 Vallecitos Way

Owner/Applicant: Eyal & Anat Tokman

As requested by the Town of Los Gatos, the owners conducted outreach to adjacent and nearby neighbors to inform them of the proposed project and to solicit feedback. The following is a summary of the outreach efforts and responses received:

107 Vía Teresa

- **Contact Result:** No one was home on a few attempts.
- **Notes:** No contact made.

902 Bicknell Road

- **Neighbor Contacted:** Maria Dover (Owner)
- **Summary of Discussion:**

The owner met with Ms. Dover and discussed the proposed project, anticipated schedule, and approach for maintaining privacy vegetation along the shared fence line. Ms. Dover responded positively, expressed support, and shared her experience with a recently completed renovation. She showed the owner her backyard.

- **Neighbor Response:** Supportive / no concerns expressed.

906 Bicknell Road

- **Neighbor Contacted:** Dave Forster (Owner)
- **Summary of Discussion:**

The owner met with Mr. Forster and reviewed the anticipated renovation/construction timeline and general plans. Mr. Forster was supportive of the project. He expressed hope that the large tree located at the front of the

subject property will remain, as he finds it visually significant and enjoys it. The owner explained that options are still being evaluated; however, the tree may require removal if the root system poses a risk to the proposed foundation and/or the adjacent fence. Mr. Forster expressed support and wished the owners well. He also shared that privacy trees were recently planted along the shared fence line in his yard.

- **Neighbor Response:** Supportive; requested consideration of retaining existing front tree if feasible.

111 Vallecitos Way

- **Neighbor Contacted:** Aileen Gulessarian (Owner)
- **Summary of Discussion:**

The owner met with Ms. Gulessarian and discussed the project. She indicated no concerns with the proposed construction. She did request that construction personnel avoid leaving cigarette butts or food debris on-site, citing odor concerns and potential attraction of rodents.

- **Neighbor Response:** No concerns; requested clean jobsite practices.

115 Vallecitos Way

- **Neighbor Contacted:** Sasson (Owner)
- **Summary of Discussion:**

The owner met with Mr. Sasson and discussed the proposed project. He responded positively and expressed support. He noted that he hopes the existing tree is removed, as sap from the tree makes it difficult for him to park vehicles in his driveway.

- **Neighbor Response:** Supportive; expressed preference for removal of existing tree due to sap impacts.

112 Vallecitos Way – Left Entrance

- **Neighbor Contacted:** Kris (Tenant – scheduled to move in May 2026)
- **Summary of Discussion:**

The owner met with Kris, a tenant who stated he will be moving into the residence in May 2026. No concerns were expressed regarding the project.

- **Neighbor Response:** No concerns expressed.

112 Vallecitos Way – Right Entrance

- **Neighbor Contacted:** Heather (Tenant)
- **Contact Result:** Tenant not home.
- **Notes:** No contact made.

108 Vallecitos Way

- **Contact Result:** No one was home.
- **Notes:** No contact made.

Summary

Overall, the owners successfully contacted multiple nearby property owners/occupants. Those contacted were generally supportive of the proposed project. One neighbor requested that the large front tree be retained if feasible, while another expressed preference that it be removed due to sap impacts. One neighbor requested that jobsite cleanliness be maintained to prevent debris and odors. No objections to the project were received during outreach.
